2004-2005 ALASKA Spring Drawing Permit Hunt Supplement

- Deadlines
- **Deadline for spring applications is May 31.**
 - Applications **must be submitted online or mailed** to the address shown on the application form. If you apply by mail, it is your responsibility to make certain your envelope gets post-marked by May 31. Some post offices routinely pouch mail without postmarking it and send it on to a larger distribution center where it is postmarked 24-48 hours later! We suggest you hand-carry your envelope into the post office, ask that it be postmarked and then look at the postmark to make certain it says May 31 or earlier. **Also note that a postmark means a U.S. Postal Service postmark. Postage meter dates do not count.**
 - Applications postmarked by May 31 will be accepted until June 10th.
 - Applications for nonresidents applying for spring brown/grizzly bear hunts and hunting with a registered guide will be accepted during both the May and November application periods.
 - Supplements and applications are available at www.wildlife.alaska.gov
 - Detailed hunt area maps available at www.wildlife.alaska.gov/gis/index.cfm

HUNTER EDUCATION AND MINIMUM AGE REQUIREMENTS FOR YOUNG HUNTERS

Hunter Education is required for hunters born AFTER January 1, 1986, and intending to hunt in Units 7, 13-15, and 20.

- 16 years old or older, must have successfully completed a certified basic hunter education course.
- Under 16 years old;
 - a) successfully completed a certified basic hunter education course, or
 - b) hunt under the direct immediate supervision of a licensed hunter who has successfully completed a certified basic hunter education course.

Minimum age: A hunter must be 10 or older by the starting date of the hunt to obtain a permit. A hunter under 10 is allowed to hunt only on behalf of an adult permit holder, under the direct and immediate supervision of that adult. The adult permit holder must be a licensed hunter, 18 or older, and is responsible for ensur-ing all legal requirements are met.

GUIDE REQUIREMENTS FOR NONRESIDENT HUNTERS

- Nonresident hunters who are not residents of the United States (nonresident aliens) are required to be personally accompanied in the field by a licensed guide when hunting any species of big game.
- Nonresidents who are residents of the U.S. are required to be personally accompa-nied in the field by a licensed guide or be accompanied in the field by an Alaska resident over 19 years of age within the second-degree of kindred when hunting brown/grizzly bears, Dall sheep, or mountain goat. (See definition of second-degree kindred on back of drawing application form.)
- For information regarding guiding contact:

Dept of Community and Economic Development, Div. of Occupational Licensing, PO Box 110806, Juneau, Alaska 99811-0806, Phone (907) 465-2543

Those intending or required to hunt with a guide should make certain there is an available guide licensed for the specific area they wish to hunt. Having successfully obtained a permit doesn't guarantee the availability of a guide.

Hunters should be aware that except for a registered or master guide it is illegal for anyone to provide for compensation any supplies, equipment, or services (other than transportation) to a big game hunter in the field. In other words, transporters and individuals cannot legally provide for compensation vehicles, fuel, bear bait and/or stations, camping, hunting, or game processing equipment or any hunting services such as cleaning of game, glassing, packing, etc. from a permanent or nonpermanent structure in the field or on a boat on saltwater. Licensed transporters may provide transportation services and accommodations (room and board) only at a personally owned permanent structure in the field or on a boat on saltwater.

It is illegal for a transporter to accompany or remain in the field at a nonpermanent structure with a big game hunter who is a client of the person except as necessary to perform transportation services. Unlicensed individuals cannot legally provide transportation service or accommodations for compensation.

RESULTS OF THE 2003 DRAWINGS

A question commonly asked by hunters wanting to improve their chances of winning a permit: is "What hunts have the best odds to win a permit?"

This table lists the results of the 2003 drawings, and can be used to answer that question. The column titled PERCENT DRAWN gives the percentage of applicants who won permits for each hunt; the higher the percentage, the better the odds of winning. For example, 70% of the hunters who applied for Seward Peninsula brown bear (DB690) won permits, while less than 1% of those who applied for Delta bull bison (DI403) won.

WINTER SUPPLEMENT CHANGES!!

Units 21, 23, and 24 MOOSE HUNTERS

The fall 2005 drawing hunts for moose in Units 21, 23, and 24 will be published in a winter supple-
ment available by Nov. 1. The deadline for these hunts is Dec. 6, 2004.
Hunts for fall 2004 are listed in this supplement.

INSTRUCTIONS FOR APPLYING FOR DRAWING PERMIT HUNTS.

Read the drawing permit hunt application instructions carefully. The instructions are located on the back of the application form. Fill out the application accurately, and submit the correct amount of money. Required fees are listed on the application form.

There is **NO REFUND** of application fees. Only when too much money is submitted, or the hunt is canceled, is a fee refunded (by late August). Please use credit card (MC or VISA), check, or money order (U.S. funds) made payable to State of Alaska. Debit cards and check cards are not accepted.

Prior to applying for drawing hunts you must obtain, or apply for, an Alaska hunting license.

The number of permits actually issued may be adjusted up or down depending on the outcome of the most recent population surveys. Many of these surveys are not com-pleted until after the publication of this supplement.

A hunter may apply on a Drawing Permit **Single** Application form OR a maximum of two (2) hunters desiring to hunt together may apply as a party on a Drawing Permit **Party** Application form. For a party application, both hunters apply on the same form and both will receive permits if drawn.

PERMIT HUNT INFORMATION

1. Each hunt is assigned a unique hunt number. Use only hunt numbers listed in this supplement. The complete number must appear on the application.
2. You may apply for the same hunt number **only once on all individual and party appli-cations combined.**
3. You may submit up to three (3) different hunt numbers per species **on all individual and party applications combined.** If you applied for Koyukuk moose during the winter application period, those hunts count toward your 3 hunt choices this spring.
4. No person may receive more than one drawing permit per species per regulatory year. Permits are not transferable.
5. If you received a drawing permit last year, you are ineligible to receive a drawing permit for the same hunt this year.

OTHER HUNTING OPPORTUNITIES

There are 3 types of permit hunts; drawing, registration, and Tier II. Only drawing permit hunts require fees and are awarded by lottery. In addition there are general hunting seasons which do not require a permit, but may require a harvest ticket/report. Refer to the Alaska State Hunting Regulations Book for information about such hunts.

Hunters who receive a drawing permit DO NOT need harvest tickets/reports to participate in a drawing hunt. If for a particular species you have a harvest ticket/report in addition to your drawing permit, PLEASE DO NOT report the results of your drawing hunt on that harvest report. It creates duplicate information.

Properly completed permit reports must be returned by the date specified on the permit, even if you did not hunt or were unsuccessful. If you did not return last year's drawing, registration, or Tier II report, even if you claim the postal service lost your report, you may be ineligible for all drawing, registration, and Tier II permits for the next regulatory year.

TO IMPROVE YOUR CHANCE OF DRAWING A PERMIT:

1. Please read and follow the instructions carefully. Last year, about 2,635 hunt applications of the approximately 86,918 submitted were rejected. The most common errors were missing or invalid hunting license information, applying for more than 3 hunts per species, duplicate applications for the same hunt, and party hunt applications for one party member were invalidated due to errors of the other party member.
2. Apply for maximum of three hunts per species.
3. Apply for less popular hunts; see table BELOW.

KODIAK BROWN BEAR

Residents and 2nd Degree Kindred Nonresidents (DB200 Series): Application Deadline for all Hunts - May 31
Guided Nonresidents (DB100 Series): Application Deadline for Fall Hunts - May 31/Application Deadline for Spring Hunts - Dec. 6

All Successful Applicants

- Drawing winners will be notified by mail, but permits can only be obtained by appearing in person at the ADF&G office in Kodiak prior to going into the field. Permits for the fall hunt will be available on October 4, 2004, and for the Spring hunt on March 14, 2005.
- All check-in and check-out must be done at the ADF&G office in Kodiak during normal working hours.
- A valid Alaska hunting license, Big Game Tag Record, and a brown bear locking tag must be presented before a permit can be issued.
- Hunters are restricted to a 15-day hunt period that they must select when they pick up their permit.
- The bag limit is one bear every four regulatory years, and a legal bear is any bear except cubs or females accompanied by cubs.
- Applicants successfully drawn for a fall Kodiak bear hunt are ineligible to receive another Kodiak bear permit the following spring.

Fall Season: Oct. 25-Nov. 30, Spring Season: April 1 - May 15

Reporting requirements

- SUCCESSFUL HUNTERS** -- report in person to ADF&G in Kodiak within 2 days after leaving the hunt area, and submit their completed hunt report. The bear skull (unfrozen and removed from the skin) and hide (with claws and evidence of sex attached) must be presented for sealing within 30 days of harvest and prior to leaving Game Management Unit 8. Guided non-residents may leave their bear skull and hide with their guide if they complete a temporary sealing form.
- UNSUCCESSFUL HUNTERS** -- report in person or by telephone (907-486-1880) to an ADF&G representative in Kodiak within 2 days after leaving the hunt area. Completed permit reports must be submitted in person or by mail within 10 days after leaving the hunt area.

Detailed Hunt Maps available on our web site at **www.wildlife.alaska.gov/gis/index.cfm**

Guide Requirements

- Nonresident brown bear hunters who are not citizens of the United States (nonresident aliens) must be accompanied in the field by a licensed guide.
- All nonresident brown bear hunters must be accompanied in the field by a licensed guide or an Alaskan resident relative "within the second-degree of kindred".

Special Provisions for Nonresidents Hunting with Resident Relatives

- Nonresidents intending to hunt with a resident relative must apply for the DB200 series of permit hunts listed above.
- Two nonresidents intending to hunt with a resident relative may not apply on a party hunt application, because only one permit is issued per hunt to a nonresident hunting with a resident relative.
- A maximum of four nonresidents guided by resident relatives will be awarded permits for each season, with a maximum total of eight permits per regulatory year.

Special Guided Nonresident Requirements

- Guided nonresidents may apply for one Fall and/or one Spring Kodiak brown bear drawing permit (DB 100 series).
- The drawing for the guided nonresident Spring permits will be held in early December, and the results will be available after December 20.
- All nonresident Kodiak bear hunters who are not hunting with a resident relative must be accompanied in the field by a licensed big game guide.
- Kodiak National Wildlife Refuge and some private landowners only allow certain guides to take nonresident bear hunters on their lands. Prior to applying for a permit for these areas (marked with an asterisk), hunters are strongly encouraged to check on guide availability. A list of the guides registered for particular hunt areas can be obtained from the Dept. of Commerce and Economic Development, Division of Occupational Licensing, PO Box 110806, Juneau, AK 99811 for a fee of \$5.
- Successful applicants must provide the ADF&G office in Kodiak with a signed copy of a Guide-Client Agreement (available from the guide or on the ADF&G web site) to reserve their permit. The deadline to provide the Guide-Client Agreement to ADF&G is August 6, 2004, for the fall hunt, or by February 18, 2005, for the spring hunt. Guide-Client Agreements can be mailed (211 Mission Road, Kodiak, AK 99615), faxed (907-486-1869) or brought in person.
- If a successful applicant cancels a permit (in writing to ADF&G/Kodiak), or if a signed copy of the Guide-Client Agreement is not received by the deadline, we will choose an alternate for that permit. Alternate lists for each hunt area are produced during the drawing process. All alternates must have their Guide-Client Agreement in to the Kodiak ADF&G office by August 13, 2004 for the fall hunt, or by February 25, 2005, for the spring hunt to be considered for any available permits. Guide-Client Agreements can be mailed, faxed, or delivered in person.
- If successful applicants cancel their permits after the above dates, and where there are no alternates for the hunt, unallocated permits will be issued on a first-come, first-served basis starting on the fourth working day after the cancellation is received in the Kodiak ADF&G office. To reserve one of these permits, a hunter or an agent must bring a signed Big Game Guide and Transporter hunt record to ADF&G in Kodiak.
- If there are no applicants for a drawing permit, or if the alternate list within a particular area is exhausted, we will issue all remaining permits on a first-come, first-served basis starting on August 13, 2004, for the fall hunts, and February 25, 2005, for the spring hunts. To reserve one of these permits, a hunter or an agent must bring a signed Guide-Client Agreement to the ADF&G office in Kodiak.
- Guided nonresident hunters in Hunt Areas DB 108 – 116 and DB 138 – 146 are encouraged to take male bears. If a guided hunter takes a female bear from one of those areas, and that female has a skull that is less than 15" long or 9" wide, one permit will be deducted from the nonresident allocation for that area in the next regulatory year.

HOW DOES THE RANDOM DRAWING WORK?

All permit applications are entered into a computer database. Once entered, each application is carefully checked for 18 potential problems such as two or more applications for the same hunt, correct hunt numbers, date of birth, hunting license information, etc.

The computer then randomly assigns a number to each hunt on each valid application. The random number is referred to as your draw number. Party hunt applications receive one draw number for each hunt. That is, both applicants on the party hunt application receive the same draw number per hunt, so if that number is drawn, both party members receive a permit.

Permits are awarded to applicants with the lowest draw numbers up to the number of permits allocated for that particular hunt. If five permits are to be awarded for a particular hunt, the five permits will be given to the first five lowest draw numbers until the total permit allocation is awarded. For example, if four of the five permits have been awarded, and a party application has the next random number, the party application will be skipped. This is because there is only one permit left available, and two permits would have to be

awarded (one for each party member). The permit will be awarded to the next individual applicant whose number has been selected.

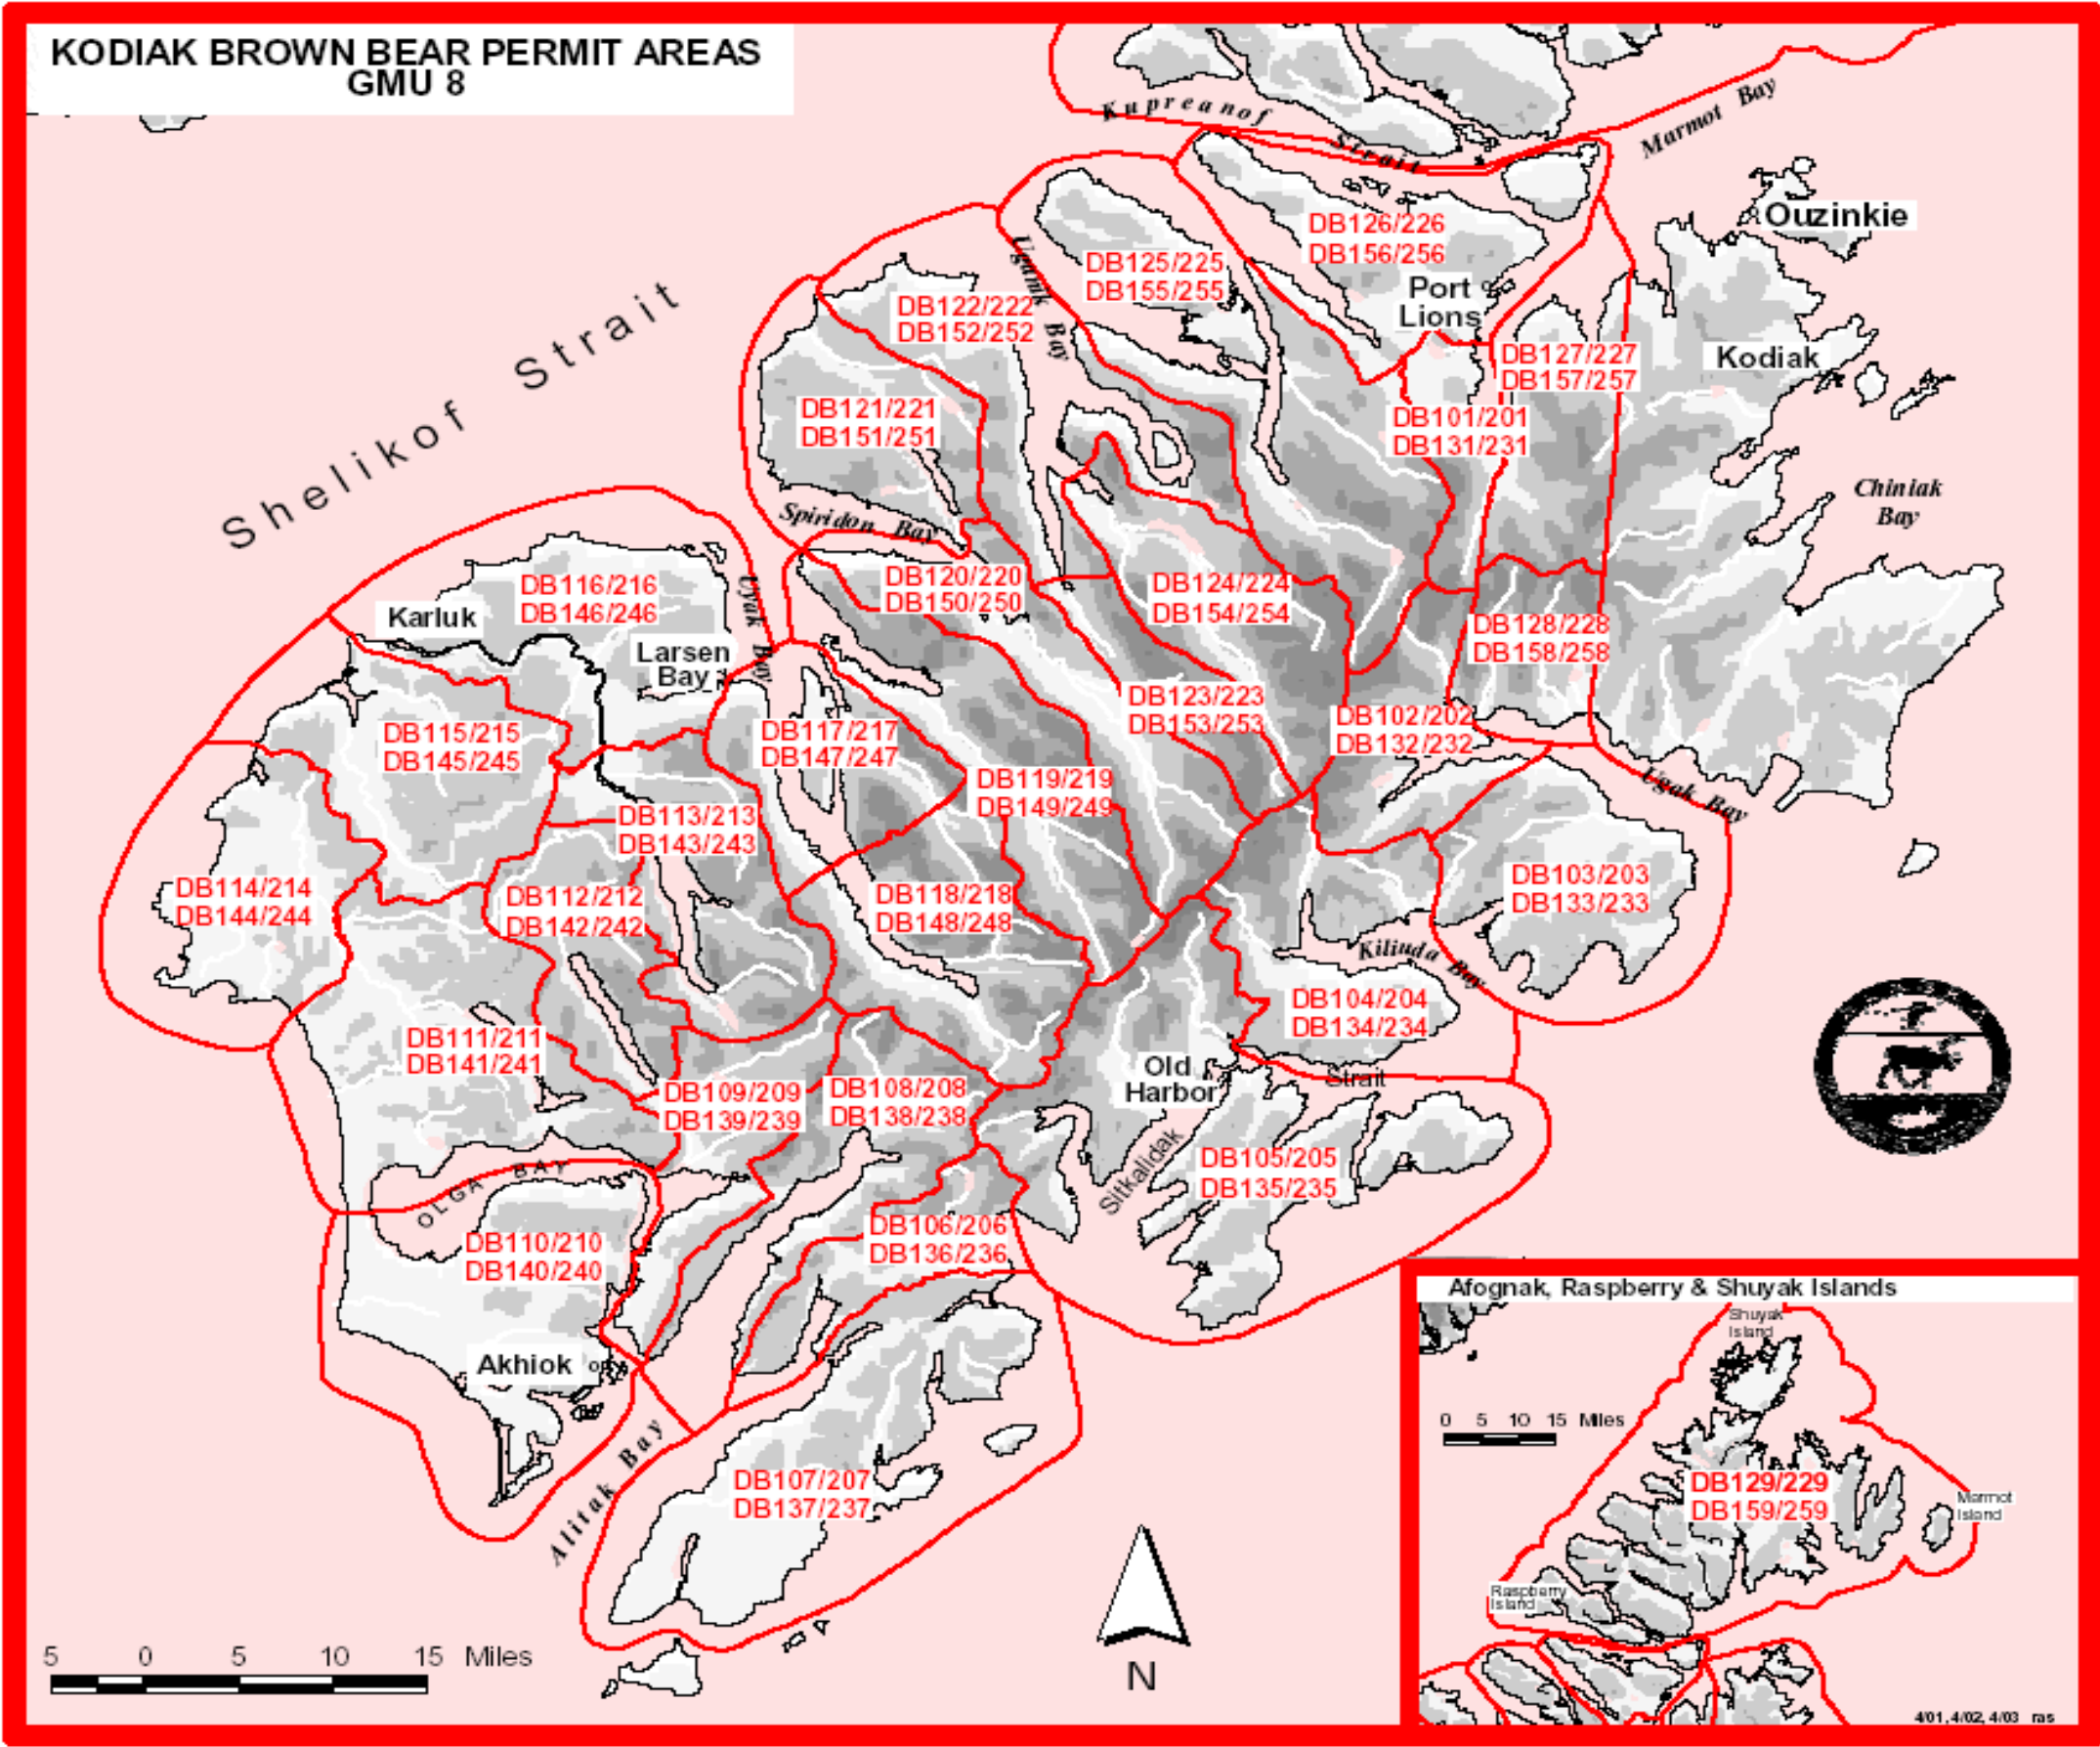

After all permits have been tentatively assigned for a species, the listing is gone through to identify where an individual has been selected for two permits for that species. If this occurs, the individual is awarded a permit based upon the first, second or third choice on the permit application. The other permit is then made available to the first individual applicant with the next lowest random number. The process is repeated for all hunts for that species until all possible permits are issued within the rules for awarding permits.

Alternate lists are used in a few specific hunts to maximize hunting opportunity. The alternate list is generated from all remaining applicants using the draw order already assigned in the original random draw. If the original applicant drawn does not notify the department of intent to hunt by the date required, the next applicant(s) on the alternate list will be offered a permit, until all permits have been awarded.

The Alaska Department of Fish and Game administers all programs and activities free from discrimination on the basis of race, color, national origin, age, sex, religion, marital status, pregnancy, parenthood, or disability. The department administers all programs and activities in compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972.

If you believe you have been discriminated against in any program, activity, or facility, or if you desire further information please write to ADF&G, P.O. Box 25526, Juneau, AK 99802-5526; U.S. Fish and Wildlife Service, 4040 N. Fairfield Drive, Suite 300, Arlington, VA 22203 or O.E.O., U.S. Department of the Interior, Washington DC 20240.

For information on alternative formats for this and other department publications, please contact the department ADA Coordinator at (voice) 907-465-4120, (TDD) 907-465-3646, or (FAX) 907-465-2440.

BROWN/GRIZZLY BEAR

EXCEPT KODIAK

ALL HUNTS

- A brown/grizzly bear locking tag is required in all hunts listed below.
- The bag limit is one bear and a legal bear is any bear except cubs or females accompanied by cubs.
- The skull (unfrozen and removed from the skin) and hide (with evidence of sex and claws attached) must be sealed within 30 days of the kill. Permit hunt reports are due at the time of sealing.

Guide Requirements

- Nonresident hunters who are not residents of the United States (nonresident aliens) must be accompanied in the field by a licensed guide.
- All nonresident brown bear hunters must be accompanied in the field by a licensed guide or an Alaskan resident relative "within the second-degree of kindred".

NONRESIDENT HUNTERS: PLEASE USE YOUR ALASKA GUIDE'S ADDRESS. THIS WILL FACILITATE TIMELY RECEIPT OF YOUR PERMIT IF YOU ARE SUCCESSFULLY DRAWN.

26B, Dalton Hwy Corridor Mgmt. Area <i>Residents only</i> <i>Certified Bowhunters only</i>	DB990	15	Sept. 1 - Dec. 31	Hunt Area: Unit 26B, Dalton Highway Corridor Management Area (DHCMA) - extending five miles from each side of the Dalton Highway, including the driveable surface of the Dalton Highway, from the Yukon River to the Arctic Ocean, and including the Prudhoe Bay Closed Area. The area within the Prudhoe Bay Closed Area is closed to the taking of big game; the remainder of the Dalton Highway Corridor Management Area is closed to hunting; however, big game, small game, and fur animals may be taken in the area by bow and arrow only ; no motorized vehicle may be used to transport hunters, their gear, or parts of game within the Dalton Highway Corridor Management Area except aircraft, boats, and licensed highway vehicles on the following designated roads: 1) Dalton Highway; 2) Bettles Winter Trail during periods when BLM and the City of Bettles announce that the trail is open to winter travel; 3) Galbraith Lake road from the Dalton Highway to the BLM campground at Galbraith Lake, including the gravel pit access road when the gate is open; 4) Toolik Lake Road, excluding the driveway to the Toolik Lake Research Facility; 5) The Sagavanirktok River access road two miles north of Pump Station 2; 6) any constructed roadway or gravel pit within 1/4 mile of the Dalton Highway. However, a snowmachine may be used to transport hunters, their hunting gear, or parts of game across the management area from land outside the management area to access land on the other side of the management area. Any hunter traveling on the Dalton Highway must stop at any check station operated by the department within the Dalton Highway Corridor Management Area. <ul style="list-style-type: none">• If unsuccessful you must report to ADF&G by mail within 15 days of close of season.

In Units 22 & 23

- To be issued a permit, successful nonresident applicants must possess a valid nonresident hunting license and a nonresident brown/grizzly bear locking tag and must contact the appropriate ADF&G office in the time allowed to confirm their intent to hunt and specify their guide or kindred relationship to an Alaskan resident. If this is not done, the permit will be offered to the first available alternate applicant.
- Unsuccessful applicants will be maintained on an alternate list and will be notified by certified mail if permits become available.
- If successful you must mail your hunt report to the ADF&G office in Anchorage within 30 days of the kill.
- If unsuccessful you must report to ADF&G in Anchorage by mail within 15 days of close of season.

BISON

Detailed Hunt Maps available on our web site at www.wildlife.alaska.gov/gis/index.cfm

All check-in, check-out to be done during regular state office hours: weekdays (except holidays) 8 a.m.-5 p.m.
Application fee for a bison hunt is \$10 per individual, \$20 per party

BAG LIMIT IS ONE BISON EVERY FIVE REGULATORY YEARS. A person who harvested a bison during or since regulatory year 1999-2000 is ineligible to apply.

Game Management Unit, Area	Hunt No.	Number of Permits	Season Dates	Legal Bison	Reporting If Successful	Requirements If Unsuccessful	Additional Requirements and Information
11 and a portion of 13D, Copper River	DI454	up to 20	Sept. 1- Mar. 31	Either sex	In person within one day of leaving the hunt area in Glennallen	By phone to Glennallen within 5 days of close of season	Hunting opportunities on public land are extremely limited. Most bison are found on private lands where it is the permittee's responsibility to identify land owners and obtain permission to access their land, where an access fee may be charged. A map of the hunt area will be available at ADF&G. Hunt Area: east of the Copper River, south of the Nadina River, Nadina Glacier, and Sanford Glacier, and west of the line from Mount Sanford to Mount Wrangell to Long Glacier west of the Kotsina River and that portion of Unit 13D east of the Edgerton Highway. If a successful applicant fails to indicate intent to hunt (in writing to ADF&G, Box 47, Glennallen, AK 99588) by Sept. 1, we will choose an alternate for that permit. An alternate list for the hunt is produced during the drawing process.
19, Farewell	DI351	up to 20	Sept. 1- Sept. 30	Either sex	In person or by phone to McGrath within 2 days of leaving the hunt area	In person or by phone to McGrath within 2 days of leaving the hunt area	<ul style="list-style-type: none">Permits will be issued by mail from the ADF&G office in McGrath.All hunters must check-in by phone or in person at McGrath prior to hunting.
	DI352	up to 20	Mar. 1- Mar. 31				
20D, Delta	DI403	45	Assigned hunting period between Oct. 1-Mar. 31	Bull	In person to Delta Junction within 1 day of killing a bison	By mail within 15 days of close of season.	<ul style="list-style-type: none">Hunters will be assigned specific hunting periods determined by order drawn.Hunters must obtain permission from landowners to hunt on private land.Rifles must fire a minimum 200 grain bullet having 2000 ft.-lbs. or more energy retained at 100 yards.Successful applicants must attend a scheduled orientation in Delta Junction prior to hunting.Permits will be issued in person at the ADF&G office in Delta Junction.Identifying the sex of bison can be difficult.The number of permits may be adjusted based on the most recent population surveys.

14C, Fort Richardson north of Eagle River	DM422	20	Sept. 7 - Nov. 15	Bull	None	By mail within 10 days of kill	Hunt Area: portion of Fort Richardson north of Eagle River.
Certified Muzzleloaders only	DM423	5		Antlerless			Warning: Fort Richardson hunts and Elmendorf AFB are subject to closure due to military operations. Hunts may be stopped for specific time periods or limited to specific areas on short (6 hours) notice. Check in/out on a daily basis. Permits will be issued to successful applicants after attending a mandatory orientation on a date(s) to be announced. Fort Richardson and Elmendorf will require successful applicants to pay a \$125 access fee, and may require successful applicants to demonstrate proficiency with the bow and arrows they intend to use. In addition, basic Hunter Education is required on all Army lands.
14C, Fort Richardson south of Eagle River	DM424	40		Bull			
Certified Bowhunters only	DM425	5		Antlerless			
14C, Fort Richardson south and north of Eagle River Certified Bowhunters only	DM427	55	Dec. 15-Jan. 15	Either Sex			Hunt Area: portion of Fort Richardson south of Eagle River.
14C, Elmendorf Air Force Base	DM428	10	Sept.7 - Sept. 30	Bull			Hunt Area: portions of Fort Richardson north and south of Eagle River. See note above about military land use.
	DM429	5		Antlerless			
	Certified Bowhunters only	DM430	5	Oct. 15-Nov. 15			
14C, Knik River and Hunter Creek Residents only	DM441	10	Sept. 7 - Sept. 30	Antlerless			Hunt Area: that portion of Unit 14C within the drainages of Hunter Creek and Knik River.
14C, Ship Creek drainage above Ft. Richardson Residents only	DM442	40					Hunt Area: that portion of Unit 14C within the drainages of Ship Creek above the Ft. Richardson boundary.
14C, Peters & Little Peters Creek drainages Residents only	DM443	10	Sept. 7 - Sept. 30	Antlerless			Hunt Area: that portion of Unit 14C within the drainages of Peters Creek and Little Peters Creek, east of the Old Glenn Hwy.
14C, Birchwood Management Area Certified Bowhunters only	DM448	10	Sept. 7 - Sept. 30	Bull			Hunt Area: that portion of Unit 14C west of the Old Glenn Highway between Fort Richardson and Peters Creek. Most of this area is privately owned and moose hunting is not allowed in Beach Lake Park; therefore, hunter success is lower than in other areas.
	DM449	5		Antlerless

Only one bull per lifetime allowed for this hunt.							
20E, Boundary <i>Residents Only</i>	DM794	3	Nov. 1-Nov. 30	Bull	None	In person to Tok or by mail within 10 days of kill	<p>Hunt Area: that portion of the Ladue River Contolled Use Area in Unit 20E bounded on the north by the Boundary Cutoff of the Taylor Highway; on the west by Liberty Creek; on the south by Liberty Creek to its headwaters, then by a line extending from the headwaters of Liberty Creek through Lode Mountain to the intersection of the Sixtymile River, then along the Sixtymile River to its intersection with the Alaska-Yukon border; and on the east by the Alaska-Yukon border. The area is closed to the use of any motorized land vehicle for hunting, including the transportation of hunters, their hunting gear, and/or parts of game, between August 24-September 30. However, this does not prohibit motorized access or transportation of game on the Nine Mile and Liberty Creek trails, Alaska-Canada border, the Boundary Cutoff of the Taylor Highway, or other trails designated by the department.</p>
20E, Prindle Volcano <i>Residents Only</i>	DM796	7					<p>Hunt Area: that portion of the Ladue River Controlled Use Area in Unit 20E bounded on the south by the Ladue River beginning at the intersection of the Ladue River and the Alaska-Yukon border (63° 16' N. lat., 141° 00' W. long.) to a point 1 mile upstream of the mouth of Chicken Creek (63° 24' N. lat., 141° 23' W. long.), then by a line to the north to peak 4210 (63° 30' N. lat., 141° 23' W. long.), then by a line to the northeast to peak VBM Timber (63° 36' N. lat., 141° 09.5' W. long.), then by a line to the east to the Alaska-Yukon border (63° 36' N. lat., 141° 00' W. long.), and then south along the Alaska-Yukon border to the Ladue River. A map will be sent to the permit recipients.The area is closed to the use of any motorized land vehicle for hunting, including the transportation of hunters, their hunting gear, and/or parts of game, between August 24-September 30. However, this does not prohibit motorized access or transportation of game on the Nine Mile and Liberty Creek trails, Alaska-Canada border, the Boundary Cutoff of the Taylor Highway, or other trails designated by the department. Access to the hunt area is difficult.</p>

RESTRICTED WEAPONS HUNTS

Some drawing hunt areas have weapons restrictions. The certification requirements for these areas vary depending on which weapon you are hunting with:

• **Certified Bowhunters Only**--You must have your department-approved bow hunting education course (IBEP or equivalent) certification prior to applying for the drawing hunt. You may NOT hunt with long bow, recurve bow, or compound bow in any hunt or area restricting the taking of big game to archery only unless you have first successfully completed a department-approved bow hunting education course (IBEP or equivalent). IBEP or equivalent certification courses taken outside Alaska are accepted.

• **Muzzleloading Rifles Only**--To hunt with a drawing permit restricted to **Muzzleloading Rifles Only** you must have your Muzzleloader Hunting certification prior to hunting.

State approved Muzzleloader Hunting certification courses taken outside Alaska are accepted.

• **Shotgun**--To hunt big game with a **shotgun** in the Palmer - Wasilla Management Area, you must have successfully completed a department-approved **basic hunter education course** prior to hunting.

If you intend to take one of these courses in Alaska, you should sign up early because classes fill quickly and are seldom offered during the summer. The department currently offers the courses through volunteer instructors. The courses include a shooting proficiency test. Names of instructors and course dates are available at regional Fish and Game offices. For more information, please call Anchorage 267-2187; Douglas 465-4267; Fairbanks 459-7206; Nome 443-2271; Palmer 746-6300; or Soldotna 262-9368.
